

## Installation Instructions for the Star Delight Rocker Theater Chairs

### Hardware needed for the assembly of your Star Delight Theater Chairs.

#### STEP 1:

Mount your leg standards on a 24 inch center to center layout to your floor.

#### *Helpful Note:*

If you are doing multiple chairs we suggest you pull a chalk line so to keep your row in a straight line. Keep in mind if mounting against a wall to leave enough room for chairs rocking motion so it doesn't hit against the wall.

If mounting to wood we suggest using 3/8 by 1-1/2 inch lag bolt.

If mounting to concrete there are many different concrete anchors you can pick up at any local hardware store.

**Once you have mounted your leg standards to your floor you will want to attach your backs on next.**

*Helpful Note:*

You may want to leave your leg standard hardware a little loose until back and seat are attached.

**STEP 2:**

Each back bracket has 2 pre drilled holes that fit right onto the 2 bolts of each leg. You will need to install the back nuts and washers on your left and right legs at this time.

**Once you have tightened down these nuts and washers you are ready to mount your seat.**

### STEP 5:

If you have ordered end panels for your chairs you will need to remove the plastic cover from the legs so you can mount your back and seat.

After you have mounted the back and seat, fasten your panel back on, you will have a padded insert that will go on the side of panel. The 4 push pins are used to place this pad on the panel.

**This is what the completed chair will look like.**
