

# Installation Instructions for The Star Delight & Crown Jewel

This is all the hardware you will need to install your new Star Delight Theater Chair. Please follow the directions step by step to correctly install you new chair.

Layout your legs on a 24inch center, the pictures below will show you your measuring points. If you are doing multiple chairs we suggest you pull a chalk line so to keep your row in a straight line. Keep in mind if mounting against a wall to leave enough room for chairs rocking motion so it doesn't hit against the wall.

## Installation Instructions for The Star Delight & Crown Jewel

When mounting your Standards (legs) on 24 inch centers in the area that you have chosen for your chair(s), If anchoring to concrete we suggest using Quick Bolts, you can get these at most hardware stores. If mounting to wood use 1  $\frac{3}{4}$   $\frac{3}{8}$  lag bolts to mount legs, once this step is done your ready to mount your backs.

Each back bracket has 2 pre drilled holes that fit right onto the 2 bolts of each leg. You will need to install the back nuts and washers on your left and right legs at this time. Once you have tightened down these nuts and washers you are ready to mount your seat.

Now using the front 2 bolts on your left and right legs place your seat onto the bolts and tighten down your nuts and washers.

Your center legs have center pads that need 2- # 2 phillips pan head screws to fasten down at the bottom of each leg.

If you have ordered end panels for your chairs you will need to remove the plastic cover from the legs so you can mount your back and seat. After you have mounted the back and seat, fasten your panel back on, you will have a padded insert that will go on the side of panel. The 4 push pins are used to place this pad on the panel.
